ST. JOHN RIVER BOAT TOURS

NATURE - CULTURE- PHOTOGRAPHY

❁ FREDERICTON, NB ❁

Focus in on the majestic St. John River and capture nature's mystical moments. Learn about the St. John River's natural history and culture. Be inspired by unforgettable memories of it's wildlife and pristine landscapes. Travel the waterways where history, nature, and culture come alive.

WHAT YOU WILL EXPERIENCE

Travel by boat to secluded areas-viewing and photographing river wildlife, landscapes, and the historical and cultural icons of 'Wolastoq', the good and bountiful river.

A light snack and a drink will be provided to guests.

Your Private Access to Nature, Culture, and History

Travel by Boston Whaler along the St. John River and its major tributaries in search of the perfect wildlife or landscape image, or to view the hidden natural historic and cultural icons that only river navigation can reveal.

Your Hosts

Your bilingual hosts will share with you their intimate knowledge and understanding of the St. John River, it's wildlife, landscape, history, and culture.

Robert Capozzi is your boat captain and guide. He is a bilingual wildlife specialist and educator with over 25 years experience in wildlife management. He is a strong advocate of the values of natural systems, with a passion for history and culture.

Paul Jordan is a freelance photographer whose images are published in magazines, newspapers, on the web, and as stock photography. He is a professional environmental planner with a keen awareness of geography, environmental management and sustainability.

We can accommodate a maximum of five people per tour. Tours are subject to weather conditions. If a tour is cancelled due to weather it can be rescheduled.

All images in this pamphlet are copyright of Paul Jordan.
